CENPAC ROUNDER – IMO 5113199

NAURU SHIPPING PART 2

photo Chris Howell

Not a very good looking vessel and she may have never reached the Australian Shores.

Constructed in 1961 by Seaway Marine and Industrial (Port Weller) in ST Catharines, Canada , yard no 29.

Then named FEDERAI. PAI.M for the West Indies Shipping Co in Singapore.

GT 3176 DWT 1930 loa 91 m and beam 15.8 m.

In 1972 purchased by Nauru Corp and named CENPAC ROUNDER.

Management of this vessel was undertaken by the company on the island.

Eventually she got wrecked at the Votualailai reef in Fiji in March 1979 and was considered a loss..

Scrapped in Busan in June 1979.
